Dear Friend:

Thank you for taking the time to respond to my recent statements about presidential candidate Barack Hussein Obama.

To those of you who agree in part or in whole with my statements, I ask that you remain strong in your understanding of the truth and tough love that I speak.

To those who disagree, please know that I understand your position and welcome your dissent. I also understand your anger and disapproval of me.

I further wish to express that I love all of God's people. At present, I believe that the Black Nation of African American people are enduring great suffering as a paradox being in the greatest nation on the planet. I once lived in one of the worst prisons in America, "*The Union Correctional Facility*" at Raiford, Florida. The average prison sentence for the inmates during the mid 70's was one hundred years. That prison was an eternal cauldron of unspeakable and inescapable pain. It was also a place that was devoid of truth. Men told lies to protect themselves and to remain sane in the midst of a reality that made a lie honorable, and a defender of the oppressed. Within that setting of lies and pain, I found the Truth, The Whole Truth and Nothing but the Truth about humankind and myself. I girded up my loins, made parole, graduated the college of New Rochelle with BA degree, continued on to Union Theological Seminary in NYC where I was awarded a Masters of Divinity Degree, and finally was awarded a Doctor of Philosophy degree from The ATLAH Theological Seminary.

For the past three decades, I have lived and worked in another prison named Harlem, New York. This is a co-ed institution with children who serve the same sentence that their parents serve. All the sentences handed out to the inmates of Harlem are life without parole. Most, if not all, of the crimes that the inmates commit are a random selection of hating Whites; refusing to take moral and social responsibility, being supportive of street gang leaders like The Rev. Jesse Jackson, Minister Louis Farrakhan, and The Rev. Al Sharpton, frequenting racist after-hour clubs like the NAACP, the Urban League, and other institutions of Black culture.

This hatred that the Black Nation has for America and White people is a cancer deep within the bones of its victims. This hatred is odorless, tasteless and colorless. First it demoralizes, then it destroys everything you love, and finally kills you right before the eyes of your children and community; yet the preachers of this hatred are worshipped in the eyes of their **victims as gods**.

The Holy Bible speaks of evil spirits that are capable of inhabiting men and destroying their lives. Once there was a man who was tampering with such spirits, they attacked him, and he ran out his house naked (Acts 19:16). When we think about the kind of spirits that make people criminals, pimps and prostitutes, we usually don't associate or believe that people who reach high positions in our society are subject to such evil spirits. By that I mean, a common street criminal can easily be guilty of having the spirit of a pimp, but we assume that elected officials are immune to such spirits. I was very saddened years ago, when I saw the Honorable Mayor of Washington DC, Marion Barry smoking crack cocaine. Should not elected officials be immune to street spirits and behaviors of the lower class? New York State most recent former Governor Eliot Spitzer is an alleged "**John**," one who pays a prostitute. I say Senator Obama is a pimp, one who plays all levels of weak-minded people.

When I identified Senator Obama as having the spirit of a Mack Daddy, many were appalled and sure that his standing in life rendered him immune to such a spirit.

When I identified Senator Obama's mother as White Trash many were equally incensed, albeit they knew nothing of her character or her decisions as a young woman growing up in Kansas. It just seemed untrue and no evidence, other than assumption, was necessary to disprove my statements. To date, not one person has come forward to verify the nobility or the charity of her life during the years leading up to and after her giving birth to Senator Obama.

In the Union Correction Facility at Raiford, Florida we told and lived lies to survive. Truth was not permitted, for it destroyed the image of men who were in positions of authority because of their lies. Usually, truth bearers were considered traitors and snitches for the Man, Uncle Toms, Handkerchief Heads, and self-haters. These are easy responses to the lazy mind that does not care to investigate before rendering a judgment.

Historically, it has been the lone voice, not the mob that speaks the truth to every crisis. Proverbially, truth is on the scaffold, and wrong on the throne, but the scaffold sways the future.

I, James David Manning, am both a lone voice and on the scaffold, but my love for this nation and its citizens beckons me to both sacrifice and suffer, that the high cost of truth and deliverance of the African American people, be paid in full and in cash. I know Jesus wants us to become a nationwide choir, singing songs of truth and personal responsibilities to the Black and White people of this good nation.

I appeal to you, lovers of truth and soldiers of justice, do not put that fox Senator Barack Hussein Obama in charge of the hen house.

Peace
Dr. James David Manning
