Re: Thanksgiving Dinner Invitation

Dear President Clinton:

I greet you in the spirit of Abraham Lincoln, Marcus Garvey, Adam Clayton Powell Jr., and Elijah the prophet of 1st Kings 17:1.

My great respect for your time compels me to thank you in advance for receiving this invitation.

I am the pastor of a 50-year old Harlem congregation that has worked to improve Harlem for as many years. It was during the birth of the heroin epidemic that this church sprang into action to stomp out drug use; and to redeem our men and women from the scourge of heroin and crack addiction.

This congregation has served tirelessly; with great joy in feeding tens of thousands of homeless, job counseling, family restoration; and leading more than twenty thousand to Christ Jesus.

This church has founded three (3) schools to advance and uplift the members of this community and the world – Great Tomorrows Elementary, Great Tomorrows Middle, and ATLAH High Schools- are the best on the planet, educating the lost, the least, and the left behind.

With these tremendous accomplishments of making the trains run on time for the people of Harlem and the world, we are requesting your presence at our Thanksgiving Celebration in my home on the 22nd of November 2007 at 2 o'clock in the afternoon.

This invitation is given immediate appeal and gravity in light of the unsettling gentrification happening to our Mecca. Harlem is the only homeland for the African American and Black people worldwide.

I beseech you to sit down at my dinner table as the pilgrims did with the *Native Americans* "many moons" ago to discuss the future of our homeland, Harlem.

Peace be unto you; you are so invited.

Other invited guests are:

Mayor Michael Bloomberg
Jamie Dimon, CEO of JP Morgan Chase Bank
President Lee Bollinger of Columbia University
Governor Eliot Spitzer

Humbly,

The Honorable James David Manning, PhD
