Dear Mr. Shange, Chairman:

I greet you in the spirit of The Hon. Marcus Garvey, Adam Clayton Powell Jr., Malcolm X, and Elijah the Tishbite, 1st Kings 17:1.

I have devoted considerable prayer time to the matter of my involvement in *The Coalition to Save Harlem*. The fruit of that prayer time is that I must resign my membership in the group/organization.

My reasons for resignation are plain and simple. First and foremost, the mission of **No Dew, Nor Rain** cannot be compromised by my active participation with groups who do not believe in its sacredness or strength. Many who hear of **No Dew, Nor Rain** will be confused if I align myself with conflicting approaches to the ills of Harlem's economic and political leaders.

Secondly, I have given my life for this work of the Lord Jesus Christ and the people who will accept me as their leader. I cannot and will not allow others to make decisions that could cost me the price of failure of my calling and subsequently death.

If I shall be defeated, let my defeat be fair and just, but not because I was brought down from within. As Jesus has said, **"...a house divided against itself shall fall. Every kingdom divided against itself is brought to desolation; and every city or house divided against itself shall not stand."** Mt. 12:25

This resignation is effective as of the 21 November 2007.

Peace
James David Manning, PhD
